THE BEST CLOTHING.

GENTLEMEN looking for a grade of goods entirely different in character from ordinary Ready-made Clothing, are reminded that they can now make selections suitable for the season at the establishment where such goods are manufactured, and at prices which will distinguish them from all others. The varieties and styles are numerous, and the care with which they are selected, and the skill with which they are made, will be found to be equal to any in the country.

\$100 REWARD will be given to any one who can show us a better loaf of bread than can be made from our "CROWN PRINCE HAXALL," and we are Sole Agents for the same in Hyde Park.

We also sell PATENT MEDICINES and DRUGGISTS' SUNDRIES **15 to 25** per. cent. less than regular prices.

L. J. FRENCH & CO., GROCERS,
Nos. 29 & 31 Fairmount Avenue, Hyde Park.

We sell CHOICE GROCERIES and TRADE in the world. And we buy them direct from the Importers. We receive our BUTTER direct from Vermont. We give 16 ounces for a pound, (not 15 or 17.) And we do not know our neighbors' business.

THE ATTENTION OF Boot & Shoe Manufacturers, AND OTHERS,

Is especially called to the unsurpassed facilities afforded for locating and conducting manufactories in the town of Hyde Park. Its principal advantages over other locations are its accessibility, (being only seven miles from Boston,) and its railroad facilities, having two of the best managed railroads in the country,—the Providence and the New England,—the depot of one (which is the pride of the city) being located at the foot of the Common, the other in the heart of business activity, making the town equally accessible to business men and families. The town of Hyde Park has five stations within its limits. The Neponset river flows through the center of the town. A careful survey of the situation will convince any business man that, for economy, accessibility and healthfulness, there exists a combination of advantages which can be found in no other town. The lands of the

REAL ESTATE AND BUILDING COMPANY

are in the market at about one-tenth the prices paid for land in other manufacturing towns and cities. Special inducements will be made to manufacturing companies and other business enterprises, by furnishing them with the best locations at a mere nominal price. Further information can be had by applying to **CHARLES J. PAGE**, Treasurer of the Real Estate and Building Co., Commonwealth Bank Building, Boston.

THE TOWN OF HYDE PARK.

The town of Hyde Park, in the county of Norfolk, is situated on the line of the Boston and Providence and New York and New England railroads, at a distance of about eight miles from State street, Boston, and is a thriving and enterprising town of nearly eight thousand inhabitants. The place was incorporated April 22, 1868, from territory taken in part from the towns of Dorchester, Milton and Dedham. May 15th, last, was the twenty-sixth anniversary of the building of the first house in the town, in what is now known as the Fairmount district, which event was the beginning of the place. The first school was begun in the spring of the year 1857. The Real Estate and Building Company, which was the leading spirit in promoting the growth of the town, was formed in 1857 and incorporated in 1861. The first religious meeting was held in June, 1857.

Few towns in the Commonwealth can boast of a finer or more healthful location, or more natural beauties of situation and of scenery than the town of Hyde Park. Its growth the past few years has been rapid and healthful, due in a great measure to its excellent graded schools, public library, churches, halls, highways, "Improvement

Society," and last, but not least, its unsurpassed railroad facilities. The two well-managed railroads furnish a better railway service for the people of the town of Hyde Park than is enjoyed by those of any other town in New England.

The industrial interests of Hyde Park have contributed a good deal to the town's growth, in the past few years, giving to its citizenship a large and intelligent class of skilled workmen. The large woolen mills of Messrs. Robert Bleakie & Co., American Tool and Machine Company, Brainard Milling Machine Company, the cotton mills of Messrs. B. B. & R. Knight at Readville, Messrs. Glover & Willcomb's curled hair works, Messrs. Tileston & Hollingsworth's paper mills, the Prushan Rubber Company's works, Messrs. John T. Robinson & Company's machine shops, Frampton's morocco works, Gray's shoddy mills, Scott's wool scouring establishment, the chemical works at Readville, and the Boston Blower Company's works, combine to give the place the appearance of a live, enterprising and thrifty business community.

THE ATTENTION OF Boot & Shoe Manufacturers,

AND OTHERS,

Is especially called to the unsurpassed facilities afforded for locating and conducting manufactoryes in the town of Hyde Park. Its principal advantages over other locations are its accessibility, (being only seven miles from Boston.) and its railroad facilities, having two of the best managed railroads in the country,—the Providence and the New England, —the depot of one (which is the pride of the city) being located at the foot of the Common, the other in the heart of business activity, making the town equally accessible to business men and families. The town of Hyde Park has five stations within its limits. The Neponset river flows through the center of the town. A careful survey of the situation will convince any business man that, for economy, accessibility and healthfulness, there exists a combination of advantages which can be found in no other town. The lands of the

REAL ESTATE AND BUILDING COMPANY

are in the market at about one-tenth the prices paid for land in other manufacturing towns and cities. Special inducements will be made to manufacturing companies and other business enterprises, by furnishing them with the best locations at a mere nominal price. Further information can be had by applying to CHARLES J. PAGE, Treasurer of the Real Estate and Building Co., Commonwealth Bank Building, Boston.
